For DHG, Terry Kuch is Guest-Gamesmaster (1910 13th St., North, Apt. 204, Arlington, Va., 22201; ph. 703-JA5-2169). Remember, DHG players, send moves to KUCH!

The "House-Rules" -- As published in DIPLOMANIA #18; read these carefully!!

The Players -- A complete roster appeared in HYDROPHOBIA #3. Changes since then are as follows:

Bischoff, Dave -- Delete DDD, DIH, PDB.	Kanner, Larry -- Add DIH.
Budd, Paul -- Add SEE.	Latimer, James -- Add PDB.
Gemignani, Margaret -- Add DDD.	

Replacement Players -- Replacement players urgently needed in SCC (FIRST EMPIRE), DEE (ENG and ITA), and SAA (RUMANIA). In addition, anyone interested please send in replacement moves (see inside under individual games) for the following countries, in case the current players fail to respond as requested (this means you, current players Budd, Carey, Glavic, Francis, Huff, and John Doe): FHD (BLACKFOOT), DBB (FRA), DKJ (A-H), DCA (RUS), DGA (ITA, TUR), SBB (ITA), SAA (PARIS), SEE (NWY/VEN, PAR/SEV, DEN/MAR); DIH (ENG). Interested players please respond by April 30.

Miscellaneous -- Note that the deadlines for DKJ and DDD differ from those for the rest of the games; also note the absence of Early-Bird Deadlines for most games. #### Since no one objected, Buddy Tretick will shortly take over BARAD-DUR and games therein, as well as games DEE-A and DEE-B. Continue to send in moves for these games to Don Miller, until told to do otherwise. #### Overlooked propaganda for SCC: Trantor -- Follow me in Buddy! I couldn't guess off-hand which fleet to support, so I went there myself. Of course you get zilched if that propaganda is real.

HYDROPHOBIA is published bi-weekly. For sub-rates and distribution procedure, see HYDROPHOBIA #3. Address Code: P, Player in game(s) contained therein; S, Sample; T, Trade; W, Subscriber; X, last issue, unless....

Propaganda --

Starlemagne -- Hari Seldon, Secret Master of the Universe, says, "Ychhh!"

Trantor Reports -- As Lebling Mis mused, a voice called out from the shadows,
 "Lebling, Lebling, I am your only hope." ##### "WHO SPEAKS!" ##### "It is I, X,
 who would betray the Mutant." ##### "I have no blood money for you." ##### "And I
 asked for none! My fight is personal, to avenge a great wrong done to my house by
 the Dark Monster." Softly, now, the voice continued with great sadness. "It is
 sad, my Lord, that the Mule is the bridegroom, and not yourself." ##### At this the
 Misfit turned quickly on the speaker, though he could see but a shadow. His voice
 was thick with anger. "You are mad, fellow! The Lady Margaret had made her choice.
 A poor one, I'll admit, but I'll wager you're a spy, sent to speak thusly, so I will
 betray my cause...." ##### Sensing that the Misfit meant to take action against it,

the voice continued. "You do us both wrong! If I had wanted your life or your secrets, I picked a poor time to look for them. The Mule seeks my life. Look at me!" ##### As Lebling turned very carefully, the light of the lamp in the room fell upon the face of X, and the Mis. cried, "YOU!" ##### Softly again, the aged X spoke, urgently. "Yes, I am von Alanski. The Lady Margaret loved my grandson, but the Mule neither asked nor was questioned when he stole my grandson's life and his bride! Now I want revenge! Perhaps, Lord, there is justice here?" ##### Cautiously but softly now, the Misfit spoke: "Perhaps! What do you want of me? Speak! But mind you, I'll take no betrayal from anyone!" ##### "Lord, let's not forget I am playing this game for the highest stakes -- my life, and my daughter's honor! Listen well, to how the Mule may be defeated. It is your only hope!"

power and a little power. I am the largest power in the south, so I have to hold off

way: by losing your supply centers to me, it makes it all the harder for Gaillardia to win.

GM Notes -- No one has responded to our question in LIMBO #2 re whether or not the game should continue as an anonymous game. If we don't hear anything by April 30, we will assume the players are in agreement to our lifting the veil of anonymity, and we will name the players from there on. So Team Cpts. (A-H and FRA) and Wild-Card Player (GER), you have until April 30 to object. ##### Players are reminded they are to send their moves -- or, at least, a copy of their moves -- to their Team Captain in advance of the stated deadlines; if they do not let their Cpts. know what they are doing, the Cpts. will be perfectly justified in making moves for the offending player. The Team A Capt. says he will do just that -- "... unless I receive copies of their moves I will make them myself. I cannot tell if they are playing or not." If a player does send his moves to the Team Capt., the Capt. may change no more than two of the moves when forwarding them to the GM -- the only person who can change more than two of his own moves is the player himself. O.k.? This should give the Team Cpts. some latitude, while at the same time keeping the play of the individual units largely in the hands of the separate players.

Berlin -- Denmark: Welcome to My World!

Dhidhimotikhon, Electorate of Bulgaria and Upper Sweetwater Canyon (11 Nov 1905) -- In the capital city of this newly-formed nation, the first successful nation in five years on the European continent, the celebrations of joy are continuing far into the night as the population heralds the now-stable government which has risen out of five years of continental anarchy and civil war. The blessings of the Bishop of Dhidhimotikhon were punctuated last evening by a series of proclamations of the Elector, Ferdinand Alexander Drakuleivich I, outlining policy for the new nation. Conquest of Vienna, with the summary execution of the Viennese Usurper on the steps of St. Aegedius Cathedral in Graz, figured prominently in all the documents.

Vienna -- Trieste: Illiterate! And you must be one because you failed to write me of this alliance. Perhaps it doesn't exist or you can't write. So I'll spell it out, so even you can understand it. If you don't write and confirm that alliance you are so hot to get (the Alliance, not me!), you will cease to exist as a nation. This will be because I'll make it my chief and only occupation to do you every disservice in this game that I can, such as taking all your centers I can get my hands on, tying up all your armies and fleets I can, so your fun-loving neighbors can do you in at their pleasure. And watch your language. I got this position due to your partner leaving. What happened? Didn't you use Scope?

NSG -- Trieste: Once in the morning does it. Makes your mouth clean all day. Signed, the Orange Phantom.
